Every child deserves

Summer Dreams!

Camp Nature Odyssey is a chance to enrich your child with outdoor adventures and summertime dreams. It is designed to engage a sense of awe and wonder of the natural world in children entering grades 1-6.

Each week is bursting with summertime fun, outdoor learning, camp games and guidance for self-discovery. Your child will develop an appreciation for this wonder-filled planet we call home.

A dedicated and professional staff from the Earth & Spirit Center Kid's Team will supervise your child – providing stimulating experiences and summer memories.

Morning Session

The morning session offers kids opportunities to investigate their connection with the natural world. Activities include adventures in our teaching garden, discovering how our food grows, whipping up super-healthy snacks from the garden, and exploring the woodland and meadows in the 20 acres behind the barn. Classes in art and yoga round-out the morning.

Afternoon Session

The optional afternoon portion of the camp is available for those who want a more extended experience. The Nature Odyssey adventure and fun continue with eco-crafts, cooperative games, fascinating Earth science experiments, and creative take-home projects.
