**Wandering in Nature**  
Walking Mindfully in the World

Cross the threshold into a greater ecological awareness and open into a wilder consciousness informed by cloud, tree, hawk, and butterfly. By learning how to mindfully wander the land at the Earth & Spirit Center you can experience and deepen a sense of being a member of the larger Earth community. Enter a universe alive with mystery and possibility. Find the psychic support needed to participate fully in the great Earthly and cosmic liturgy.
